

# Website Tools

To get to your WALK Tools, you must go to [www.nami.org](http://www.nami.org) and log-in using the Identification Number and Password that you created when you registered for the WALK.

Once you get to your Personal Page, just click on the Northern California NAMIWalk 2011 link and it will take you to the **Tools Page**. The first set of tools is for you as an individual Walker to help you manage your personal page and solicit donations. If you are a Team Captain, there is an additional set of tools for you to manage your team page. Please make familiarize yourself with these tools as soon as you can.

## WALKER TOOLS

- Update your contact information
- Join or change teams; designate affiliate
